You can now download Marvel Super War Apk to play the latest app apk of this new online multiplayer battle arena MOBA game by NetEase that features all your favorite MCU superhero characters. Marvel Super War Beta for Android with APK and OBB Data files is available to download on smartphones running Android 4.1 and above. The Closed Beta version of the leaked Marvel Super War 1.6.0 Apk is now available online. This Marvel MOBA game might have a familiar gameplay system but whole new battle dynamics. The initial rollout of Marvel Super War v1.6.0 Apk can be accessed in specific regions in Asia. The Marvel Super War Beta App for Android has been extracted and ported as Apk + OBB/Data files which you can download for free from the link below. Marvel Super War MOBA Features Mobile game developer NetEase has collaborated with Marvel Entertainment to create MARVEL Super War game that merges Marvel Cinematic Universe (MCU) and 5v5 MOBA elements in one thrilling gameplay experience. This MOBA mobile game is free-to-play. The beta testing phase has started on Android and iOS platforms in India and selected Southeast Asian countries. The MOBA MARVEL Super War mobile game assembles an eclectic cast of famous superheroes and supervillains from various properties comprising the Marvel universe. This battlefield is adorned with heroes you see in Avengers franchise, Guardian of the Galaxy, Deadpool, Spiderman, and others. The combination of MCU and MOBA allows everyone to pick favorite characters with special abilities in combats and use customized team tactics. The open map is made up of different locations including an extremely important Wakanda jungle area. The new buff system, which replaces the usual rune-like system in Marvel games, makes for an even competition as achievements and player reputation are entirely dependent on skills and teamwork. Currently, MARVEL Superwar has 5v5 matches mode with more to be surely introduced things head toward the fully baked public release. Improvements to the ranking system will be part of the experience in the upcoming updates. As expected, beautiful 3D visuals of Super War MARVEL relay vivid colors and smooth animations that make special moves appear even more authentic on the mobile screen. Superhero skins lack in this version but might arrive soon as the beta testing moves forward. Fresh on the back of worldwide box office success of Avengers Endgame, MARVEL decides to bring its universe as a game in MOBA genre containing a collection of 100+ MARVEL superheroes in Marvel Super War MOBA. Iron Man, Captain America, Thor, Hulk, and other super characters having their own set of special powers plus combos provide an immersive gameplay experience. Players can switch between characters during melee and range states to unleash well-timed attacks or hack n'slash dashes. Conquering the battlefield depends on players' ability to create a unique mashup of your favorite superheroes that counter rival's skills. Teamwork is essential to progress. Black Panther and Iron Man complement each other well. Whereas Black Widow and Thor can be a reliable combination against adversaries like Magneto. MARVEL Super War is all about finding a perfect team combination with your friends in the online arena. Marvel Super War Gameplay Video & Beta Signup MARVEL Super War is available to fans on both iOS and Android platforms. Closed beta testing is already underway in Indonesia, India, Thailand, and the Philippines. Explore the new style of Marvel Universe! Gather your superheroes to form a dream team, attack opponents using special combos, and be a leader of heroes from the Marvel Universe!
