If so you feel you don't get this book. If on the other hand you want an interesting and very instructive book well written history with a global perspective, then this is the book for you. I am a teacher, and unlike a previous review suggested, from the students they never told me this is a boring book. Sometimes they complain some of the gods Being too long, but compared to other similar books like Stearns, this is much more engaging. This is the book that most of my colleagues use the teaching for the history of the world (also strayer, which is probably the second.) I saw all the books commonly used for AP history of the world, and this is " The most interesting and informative of the cluster. Good deal on this. Arrived à €
