Revising time and word problems  
Maths worksheets from  urbrainy.com

1. Practise saying the following rhyme until you know it well.

*30 days hath September  
April, June and November.  
All the rest have 31,  
Except February alone,  
Which has but 28 days clear  
And 29 in each leap year.*

2. Now you should be able to answer the following questions:

- How many days are there in October and November together? .....
- How many days are there in May and June together? .....
- How many days are there in September and October together? .....
- How many days are there in June and July together? .....
- How many days are there in February in a normal year? .....
- How many days are there in February in a leap year? .....
- Which months have exactly 30 days? .....
- Which months have exactly 31 days? .....

Writing Worksheet  
& Journal Page

JournalBuddies.com

Devin was in trouble. His room was a mess, he just yelled at his little sister and his teacher told his mom he had been goofing off in class again. "You're not going to the carnival on Saturday unless you start behaving" his mom said with a firm voice. "Oh no" thought Devin, "I love the carnival." He thought of what he could do to prove to his mom he could behave. First Devin cleaned his room and then he helped his sister make a sandwich. The next day at school he focused on his work all day. "Wow Devin" his mom said, "I am proud of you. It looks like you will be going to the carnival after all." Devin was excited to go but he felt even more excited about making his mom proud.
