You don't need more Falcon4.0 for FreeFalcon5. 83Joined: 28 Nov 2005, 12:34Location: Denmark 31 Mar 2009, 06:54 No, I have the original version of Falcon and then I upgraded to Open Falcon 4.5. You should not be able to... Vipers Forever SaintWarror Active Member Posts: 114Joined: April 23, 2009, 12:32 PM June 28, 2009, 2:27 PM Michael NIL wrote:Open Falcon rules. I don't think you can use it in the AF installation. Thank you in advance Gromit190 Michael NIL Enthusiast Posts: 83Joined: 29 Nov 2005, 12:34Location: Denmark 30 Mar 2009, 17:07 To use FreeFalcon, you don't need a copy of Falcon 4.0 to install first. To my mind, the huge benefits of Falcon 4.0 Allied Force are: 1. What's FreeFalcon? AlA@m de observing jes de realismo, F-16 A@a military combat aircraft, so simulation manufacturers can have different views μ what is real or not, but they don't know the real reality. I'm not sure if FF5 has this feature. My questions: Are there upgrades/add-ons or such for Falcon 4.0 AF for better graphics? The quality of It is nothing in terms of extremely fast rhythm of the Falcon War - you barely have time to work with F-16 systems during the AA © reo combat. Falcon's global team should make it work the way ordinary people want it to, I mean In the menu you should not lock the system in the work area. But the graphics are, in my opinion, 2-3 years ahead of F4 AF, and the level of realism is, in my opinion, only the second of OpenFalcon. Defeat yourself. You do not need to download something from you do not know where, and do not know when it will start failing. Reading the manual and learning the plane I am having a lot of fun, but sometimes I would like that the graphs could be just a bit better. There is also a good loading set of screen opening files in the various downloads section. Cockpit Widescreen F-16CG for Falcon 4.0: Allied Force 3. It is the complete single, official simulation in stock box defined in the market. Defeat your rivals. So, the allied force is the only thing that gives someone the possibility of flying falcon simulation without having nerves and headache. Sorry for our customers, people pay for expensive hardware aiming for proper performance instead of self-careers like "it's always the most realistic". I play with a Core 2 Duo E6600 and a GeForce 8800GS, with a resolution of 1280x1024, and I get about 50 fps on the flot ... F4AF is good for stability, but that's all.
