The priorities of the teachers are also considered in the survey. Register to obtain our latest reports releases and our straight bulletin to your inbox. System leaders, including ministers and education departments, and the heads of the Catholic and Independent Sectors, must ensure that schools and teachers have good access to evidence on what works better, and time, tools, Training and support to implement these best practices, in the classroom. "This report is going to launch the network much wider. A, â, ~ â" The thing that has requested is that there has been a series of reports in the last years that show not only that teachers feel Stretched, but they do not have enough time. To do some of the central parts of your work. " If the extra money should be delivered to the schools, for example, they would like that it should go towards the planning time of the protected lesson or preferred to be towards more specialized staff for a student who could have special needs ? "" Actually, it's about trying to stay well, where the highest expenditure priorities should be if you should give more money to schools. For teachers who are feeling the pressing press in their time of Covid-19 or interested teachers â €
