Don't forget about our Disaster Prep Guides. All technology is now considered evil and large cities are banned. They might not be classics (yet), but they are great reads and highly recommended. Now, humans struggle through turmoil, military rule, birth defects, and lack of resources. When a meteorite hits, the guys discover that being kings of the apocalypse isn't as great as they thought it would be. Check On Amazon Battlefield Earth - L. Ron Hubbard From AA: Set in a post apocalyptic world- millennia in the future. Post-apocalyptic fiction books aren't just good entertainment. You can sometimes learn a lot of important survival skills from them, and improve your mental preparedness while enjoying them. Robots have taken over and one man's mission is to destroy them before they destroy the rest of humanity. Check On Amazon The Book of the New Sun Series - Gene Wolfe (1980-1983) This is a very heavy series, but incredibly engrossing. Check On Amazon Metro Series - Dmitry Glukhovsky Regardless of what you think about Russian politics, you've got to admit that they have some amazing literature. Follows various characters across the US as they try to survive the aftermath of a nuclear war. Then check out our eBooks. Check On Amazon The Last Ship - William Brinkley (1988) This book is a lot different than the TV series loosely based on it. CyberStorm - Matthew Mather Set in New York, this book gives a realistic take on the consequences of a massive cyber attack. Would you keep someone in your group alive? But at what cost when the alien overlords do away with human culture and identity. Deathlands - James Axler From Michael: Set about 100 years after the nuclear holocaust a band of people roam

about what's left of the USA and deal with the world... The are published in book and (my favorite) Graphic audio... a movie in my mind... as they put it. Oryx and Crake - Margaret Atwood This one always gets listed as one of the best post-apocalyptic fiction books. Miller Jr. (1960) The story takes place 600 years after nuclear disaster has destroyed civilization. Leavey your pick and a short review in the comments to be featured here. A girl name Candy, who is a type superhuman called hominem (humanity's next evolutionary step) attempts to stop survivors from killing off the hominens. Check On Amazon The Passage - Justin Cronin Without giving away too much of the plot, I can tell you that this book deals with a girl who grew up in a government facility. The apocalypse event was invasion by a species from another planet. Check On Amazon Fallocaust - Quil Carter An event 230 years ago kills almost every living thing. This is actually a funny book. It shows a post-war America trying to rebuild civilization. Check On Amazon Eternity Road - Jack McDevitt Set 1000 years from now, the original world having been destroyed by plague, we follow an expedition that sets out to find the technological wonders of the old world. (vols 1&2 pictured) A Canticle for Leibowitz - Walter M. Omnia Paratus! Check On Amazon The Stranded Series - Theresa Shavers From Jeff Jamison: These books are Juvenile Fiction but I have found them enjoyable.(I have teens). It has been made into a movie, but I haven't seen it yet. This one takes an interesting angle and looks at it through the eyes of a married couple. The main character explores how the world has been reduced to tribal communities. Check On Amazon The Long Tomorrow - Leigh Brackett A novel of post nuclear America. This is an entertaining story about staying alive in a war torn land. Each book is about a different group and how they get back to their province in Canada. It tells what happens when two survivalist/preppers build an underground bunker and fully stock it. She knows all about the experiment that they are up to which will wipe out civilization - and only she can stop the end from coming. Check On Amazon One Second After - William Forstchen This book blurs the lines between fiction and non-fiction. It goes into surprising detail about what could happen if an EMP weapon wiped out the grid and took us back into the dark ages. Check On Amazon What are your favorite post-apocalyptic books? Check On Amazon Dies the Fire - S.M. Stirling Follows various characters as they try to come to terms with an EMP style attack where all modern technology is rendered useless. Check On Amazon The Girl with all the Gifts - M.R. Carey A fungus has invaded the world and caused humans to lose their mental capacities. Check On Amazon The Death of Grass - John Christopher A vision of the world following a mass famine. Check On Amazon The Core of the Sun - Johanna Sinisalo Unique book from a Finnish author reminiscent of some of Margaret Atwood's work. It revolves around soldiers who launch a nuclear attack. Check On Amazon Lesser-Known and Other Worthy Mentions In case the list above isn't enough dystopian fiction for you, here is a list of some more great post-apocalyptic books. Check On Amazon The Road - Cormac McCarthy Winner of the Pulitzer Prize, even people who don't like post-apocalyptic stories will enjoy this book. One man and his family struggle to survive in the ruined city. We cover the essential topics including emergency water, survival food, gear, and off-grid living. You can buy the eBooks for \$7 each. Or get a bundle of 9 books for just \$37. At first, they seem to help humanity by eliminating disease and bringing about a Golden Age. So, I compiled the list based on my favorites plus top recommended books found in forums online. Check On Amazon California - Edan Lepucki The usual stuff about the breakdown of modern society. Hyperinflation cripples all commerce and infrastructure fails indiscriminately. Check On Amazon Swan Song - Robert McCammon Classic good vs evil story somewhat reminiscent of a Stephen King novel. Check On Amazon Survivors: A Novel of the Coming Collapse - James Wesley Rawles Bestseller about survival following a total collapse in the economy. Check On Amazon Blindness - Jose Saramago An epidemic of blindness hits a city, only one person is spared and the story is told from her perspective as mankind descends into chaos. Check On Amazon Alas, Babylon - Pat Frank One small town in Florida is miraculously spared following a nuclear holocaust. Check On Amazon The Postman - David Brin (1985) You might have seen the movie version of this book. The book won loads of awards. Follows the two main characters as they search for more meaning in their shattered lives. Their main teacher is a prepper, and her advice and skills help all three groups. Any that I missed? While the earth is not destroyed and there are no zombies or aliens, it is about survival of a neighborhood where some are prepared and some are not. A young boy struggles to survive in this brutal world. Check On Amazon Readers Picks Finally here are some of the books our readers have recommended. You can get them here and be prepared for the apocalypse. The character development is great in this book. This is a teen novel that touches on some diverse subjects; alien invasion, EMP attack, plagues. Check On Amazon Lucifer's Hammer - Larry Niven (1965) Unlike many other post-apoc books, this one takes you through the entire cycle of pre, during, and post-disaster. Years later, the actress and her theater troop are traveling around the ragged country making plays about life before the pandemic. The only people left, live in the grey wastelands and fight for survival in the savage new world. Set in an alternative present it explores what makes a society and how it can be manipulated by an all powerful government. Feel free to add your favorite titles and a small description in the comments! Want to get prepared for disasters? Check On Amazon Empty World - John Christopher (1977) A plague has destroyed almost all of the earth's population. Check On Amazon Engine Summer - John Crowley (1979) This book takes place long after the apocalyptic event has occurred. Check On Amazon Zazen - Vanessa Veselka Set in a dystopian world with America on the decline. It is very emotional and shows how everyday people would react during a disaster. Check On Amazon Popular Post-Apocalyptic Books These are some of the top names and best-selling books in the post-apocalyptic genre. Or buy the bundle now. Check On Amazon Station Eleven - Emily St. John Mandel Not your usual dystopian novel! It starts out with an actress witnessing the effects of a plague. There is a lot of symbolism and sci-fi in the book, if you like that kind of thing. Clarke (1952) Alien's invade the earth. Check On Amazon Seveeneves - Neal Stephenson A science fueled saga that spans millennia. Check On Amazon World War Z - Max Brooks I'm not the biggest fan of zombie apocalypse stories, but this one is great. Check On Amazon The Sheep Look Up - John Brunner (1972) The world has been destroyed by corruption and pollution. Check On Amazon Earth Abides - George R Stewart From Evets, Alex and Bob: The first post-apocalyptic book I read, probably when I was about 12 years old. This story takes you on a twisted tale of survivors living in the Moscow underground. Some of them you probably haven't heard of yet. One group goes by Land, one group goes by boat, and one group stays at Disney. Classics These dystopic end-of-the-world books might be older, but the themes still ring true! Childhood's End - Arthur C. All educated people have been killed as part of a "Simplification." It centers around an engineer who strives to save books which could save mankind. It is the love story of two young people who might be the last humans. You will also want to check out The Year of the Flood and Madd Addam by Atwood. Check On Amazon Do Androids Dream of Electric Sheep - Philip K. Through the four books, it tells the story of how society emerges after an apocalyptic disaster. Dick in this story, civilization has been destroyed by war. I wanted to make sure this list went beyond my personal preferences (I tend to prefer stories about natural disasters and plagues over sci-fi heavy alien and zombie books). Check On Amazon Where Late the Sweet Birds Sang - Kate Wilhelm Story of an isolated community trying to save itself post holocaust. That's the book that hot the whole ball rolling for me to always be prepared. One man and his family attempt to survive as the world plunges into barbarity. Check On Amazon Emergence - David R. The level of suspense in his books is great, as well as the imagination which goes into his end-of-the-world scenarios. About when Canadian high school students on a trip to Disney are stranded by an EMP. This is one of the most famous catastrophe novels of recent times and well worth a look. Check On Amazon On the Beach - Nevil Shute (1957) Written in the peak of thecold war, this book deals with a world that has been destroyed by fallout. Check On Amazon The Jakarta Pandemic - Steven Konkoly From AA: Best i have read. Learn more about our books here. Check On Amazon The Day of the Triffids - John Wyndham Lethal plants stalk the world following a freak cosmic event. You'll want to have them under your belt to be versed on the genre. It is very raw and emotional, as well as getting deep into the sci-fi of what could happen from a single patient zero. Feel free to add your favorites in the comments below! So, if you've already checked out these non-fiction survival books and enjoyed these top doomsday movies, you might want to gve these post-apocalyptic books a read. Check On Amazon Silo Series - Hugh Howley I might as well just say "any book by Hugh Howley" because he is one of the best-known post-apocalyptic authors out there. Deals with the subject of cloning as the community becomes desperate to survive. Check On Amazon The 5th Wave - Rick Yancey Strange mix of horror, suspense and comedy. It won the 1990 National Book Award for Science Fiction. It doesn't deal much with end-of-the-world themes, but it does get deep into the survival mentality. After the attack, they find the world a very different place. It is a highly-emotional story of what happens when a father and son journey across a devastated land with just a gun to protect them. great read for suburban survival. This is the tale of how a group of ordinary people fight to stay alive. Calizona - Ralph Rotten Need something lighter? This is an epic book covering 5000 years of humanity's future following a catastrophic meteor shower. No matter what you think the man, and science fiction, this was an entertaining book. *I realize that everyone has different tastes when it comes to books. A 10-year old girl and a group of others somehow manage to retain their IQs. She must protect herself from being dissected by scientists looking for a cure. Check On Amazon Lights Out - David Crawford Action packed, survival story, follows the main character as he tries to survive following a lights out event across the free world. Palmer (1984) Also winner of many awards, Emergence revolves around the effects of bio plague. It is very realistic and deals with a lot of tough questions, like how would you distribute your supplies? Check On Amazon Must-Read Post-Apocalyptic Books These books made the list because they are either incredibly popular or influential. Check On Amazon Maze Runner Series - James Dashner These books are insanely popular and have been turned into a TV series and a movie due this year. Check On Amazon The Dog Stars - Peter Heller A tale of global disaster and survival which was nominated for the Arthur C Clarke award in 2013. Explores the aftermath of a global flu pandemic.
