

I'm not robot!

I already set aside a P5-million fund to subsidize medical expenses of DAR regular and contractual employees, whose salary is P20,000 and below, which may include their immediate families.

VILLASONProvincial Chief Administrative Officer (PCAO)(086) 214-5117jerry_villason@yahoo.com DAR Municipal Office How common is it for an employer to pro-rate a salary increase if you joined in middle of the year? For context, annual raises are given out in July each year. I joined in January. Normally, I would be getting an 8% raise, but because I came in at about the half year mark, they giving me ~4%. My jaw about just dropped when big boss said this. I mean, inflation doesn't pro-rate. Thoughts on this? 1410 Comments The Department of Agrarian Reform (Filipino: Kagawaran ng Repormang Pansakahan, abbreviated as DAR or KRP) is an executive department of the Philippine government responsible for the redistribution of agrarian land in the Philippines. DAR is the lead government agency that holds and implements comprehensive and genuine agrarian reform which actualizes equitable land distribution, ownership, agricultural productivity, and tenorial security for, of and with the tillers of the land towards the improvement of their quality of life. Interestingly, DAR in Region 10 has posted vacancies until July 22, 2022. MACADINDANGRegional Director/Macanbanhan, Carmen, Cagayan de Oro City APPLICATIONS WITH INCOMPLETE DOCUMENTS SHALL NOT BE ENTERTAINED. History of DAR After the establishment of the Philippine Independence in 1946, the problems of land tenure remained. These became worst in certain areas. Thus the Congress of the Philippines revised the tenancy law. President Gloria Macapagal-Arroyo (2000-2010) the agrarian reform program under the Arroyo administration is anchored on the vision "To make the countryside economically viable for the Filipino family by building partnership and promoting social equity and new economic opportunities towards lasting peace and sustainable rural development."Land Tenure Improvement - DAR will remain vigorous in implementing land acquisition and distribution component of CARP. The DAR will improve land tenure system through land distribution and leasehold.Provision of Support Services - CARP not only involves the distribution of lands but also included package of support services which includes: credit assistance, extension services, irrigation facilities, roads and bridges, marketing facilities and training and technical support programs.Infrastrucure Projects - DAR will transform the agrarian reform communities (ARCS), an area focused and integrated delivery of support services, into rural economic zones that will help in the creation of job opportunities in the countryside.KALAHI ARZone - The KALAHI Agrarian Reform (KAR) Zones were also launched. These zones consists of one or more municipalities with concentration of ARC population to achieve greater agro-productivity. Agrarian Justice - To help clear the backlog of agrarian cases, DAR will hire more paralegal officers to support undermanned adjudicatory boards and introduce quola system to compel adjudicators to work faster on agrarian reform cases. DAR will respect the rights of both farmers and landowners. President Benigno Aquino III (2010-2016) President Benigno Aquino III vowed during his 2012 State of the Nation Address that he would complete before the end of his term the Comprehensive Agrarian Reform Program (CARP), the centerpiece program of the administration of his mother. President Corason Aquino. The younger Aquino distributed their family-owned Hacienda Luisita in Tarlac. Apart from the said farm lots, he also promised to complete the distribution of privately-owned lands of productive agricultural estates in the country that have escaped the coverage of the program.Under his administration, the Agrarian Reform Community Connectivity and Economic Support Services (ARCESS) project was created to contribute to the overall goal of rural poverty reduction especially in agrarian reform areas.Agrarian Production Credit Program (APCP) provided credit support for crop production to newly organized and existing agrarian reform beneficiaries' organizations (ARBs) and farmers' organizations not qualified to avail themselves of loans under the regular credit windows of banks.The legal case monitoring system (LCMS), a web-based legal system for recording and monitoring various kinds of agrarian cases at the provincial, regional and central offices of the DAR to ensure faster resolution and close monitoring of agrarian-related cases, was also launched.Aside from these initiatives, Aquino also enacted Executive Order No. 26, Series of 2011, to mandate the Department of Agriculture-Department of Environment and Natural Resources-Department of Agrarian Reform Convergence Initiative to develop a National Greening Program in cooperation with other government agencies. President Rodrigo Roa Duterte (2016 - 2022) Under his leadership, the President wants to pursue an "aggressive" land reform program that would help alleviate the life of poor Filipino farmers by prioritizing the provision of support services alongside land distribution. The President directed the DAR to launch the 2nd phase of agrarian reform where landless farmers would be awarded with undistributed lands under the Comprehensive Agrarian Reform Program (CARP).Duterte plans to place almost all public lands, including military reserves, under agrarian reform. The President also placed 400 hectares of agricultural lands in Boracay under CARP.Under his administration the DAR created an anti-corruption task force to investigate and handle reports on alleged anomalous activities by officials and employees of the department.The Department also pursues an "Opian Zero Backlog" in the resolution of cases in relation to agrarian justice delivery of the agrarian reform program to fast-track the implementation of CARP.
